## THE WORLD BY AFFINITY GROUP

- American Peoples
- Asian Pacific Rim Peoples
- Central Asian Peoples
- European Peoples
- Northern African and Middle Eastern Peoples
- South Asian Peoples
- Sub-Saharan African Peoples

IMB work is organized by Affinity - people who share a sense of kinship based on language, religion, culture, or history.

People from every Affinity can be found anywhere in the world, however this map assigns countries to a single Affinity Group based on majority population.

\* Deaf peoples are found in every country and among every major people group. Because they do not constitute a majority of the population in any country, they are not represented on this map.

Affinity Group data by Global Research, IMB, January 2026. Custom World Plate Cartes Projection (Central Meridian 11 degrees).

IMB is a Southern Baptist Convention entity supported by the Cooperative Program and Little Hope Christmas Offering.
